Overview

The objective of the Environmental Management internship is to provide you with the opportunity to work with experienced environmental practitioners in a professional setting. You will use the knowledge gained in previous MEM courses, and to apply it to project tasks throughout the internship. Details of the tasks will be arranged in consultation with the course coordinator or mutually agreed-upon academic staff supervisor and your on-site supervisor (an approved staff member within private or public sector institution or organisation). Prior to placements in organisations, the course coordinator will work with you and the agencies to ensure you are fully prepared and that the project is appropriate.
Faculty
Faculty of Arts and Social Sciences

School
School of Humanities and Languages

Study Level
Postgraduate

Offering Terms
Summer Term, Term 1, Term 2, Term 3
