Overview

This course is designed to provide a sound foundation for study in international health. The intensive learning experience is based on a realistic scenario of health issues and challenges commonly experienced in resource poor countries. Successful completion of this course will require application of pertinent knowledge, practice of skills and reflection on professional practice.

This course is only available to students enrolled in the Master of Public Health (International) 9040. All other Master of Public Health students should enrol in PHCM9605.
