Overview

The Master of Information Systems Management Extension (MISM - Ext) program is designed to be a comprehensive, challenging and contemporary program, which will provide graduates with the essential capabilities needed to manage with information technology.

The objectives of the MISM Extension are to provide graduates with:

i. the competencies needed for contemporary mid-level to ‘C’ level IT management, including:
   - a thorough understanding of the conceptual, theoretical and practical frameworks underpinning a broad range of IT management functions.
   - the application of these concepts, theories, frameworks, techniques and skills.

ii. an awareness of contemporary issues and development in the new and emerging national and international IT management landscape

iii. exposure to world-class industry thinkers and leaders in IT management.

iv. the critical thinking and problem solving skills to develop their personal career ambitions.

v. a dynamic, interactive, team-based learning environment with professional and experienced colleagues.

Entry requirements for Master of Information Systems Management (Extension)

Admission to the Master of Information Systems Management (Extension) Program is based on relevant academic qualifications and professional experience. There are three categories of entry:

**Category A:**
Applicants require a recognised undergraduate degree (or equivalent qualification) in Information Systems, Information Technology, Computer Science or Software Engineering with a credit average overall, as determined by UNSW Business School.

**Category B:**
Applicants require a recognised undergraduate degree (or equivalent qualification) in Information Systems, Information Technology, Computer Science or Software Engineering and a minimum of two years full-time relevant professional work experience, as determined by UNSW Business School.

**Category C:**
Applicants require a recognised undergraduate degree (or equivalent qualification) with a credit average overall, and a minimum of two years full-time relevant professional work experience, as determined by UNSW Business School.

Transfer credit
Transfer credit, reducing the program to one and a half years, for applicants with previous studies in Information Systems, Information Technology, Computer Science or Software Engineering may be awarded.

In exceptional circumstances consideration will be given to candidates who do not
hold a primary degree, but who do have at least 5 years relevant work experience at least 3 of which must be in an IS/IT position.
