Specialisation

Social Agency

ARCHJS    |  48 Units of Credit

Overview

The Master of Architecture program provides professional education in the practice and theory of architecture. It is a two year full time program. It is designed to deliver an architectural education appropriate to contemporary multidisciplinary professional practice. The Master of Architecture encourages students to extend and use fundamental skills developed in their undergraduate studies to explore broader socio-cultural and specific technical challenges, including in an area of specialisation.

The Social Agency Stream is one such specialised stream focusing on design in a humanitarian context including issues of social displacement or alienation.
