Overview

Stream B stream is one of three streams in the Master of Landscape Architecture Program. Stream B provides an opportunity for students from cognate degree backgrounds to undertake the Master of Landscape Architecture at UNSW. Students in Stream B will complete a 2 year 96 UoC program of study.

The program is structured into three streams: Streams A is available to students from non-cognate disciplines, and Streams B and C are available to students with bachelor's qualifications in cognate disciplines. All streams in the program feature core courses fundamental to contemporary, professional practice of Landscape Architecture. Each stream in the program culminates in a capstone research based design studio, with research methods and projects core components of the curriculum.
