Overview

This is a hybrid course. It is available to both undergraduate and postgraduate students. The course content, delivery and assessment will be identical for both groups of students.

Subject Area: Education

In this course, you will begin to learn how to teach Graphics and Multimedia Technology in secondary contexts. You will use relevant syllabus documents to develop innovative and engaging lesson plans. You will learn and practise a range of effective teaching strategies designed to engage a diversity of learners in a safe and supportive classroom environment. You will learn how to use digital and other innovative resources to assess and improve learning in the discipline and to develop language, literacy and numeracy skills across the curriculum. Through self and peer evaluation you will also learn how to present yourself in a professional, supportive manner.
