Overview

Economics is a social science which studies the ways in which people interact with one another and make decisions in a world with limited resources. The goal of this course is to provide you with the basic tools to “think like an economist” – that is, to be able to use basic economic principles to ask and answer questions about how the world works or the effects of policies. We will cover topics such as how individuals or firms make decisions about the demand or supply of a product, how we can determine the efficiency of a market, and how we evaluate the costs and benefits of government intervention in a market.

Fees

Commonwealth Supported Students $1395
Domestic Students $5610
International Students $5610

DISCLAIMER
Please note that the University reserves the right to vary student fees in line with relevant legislation. This fee information is provided as a guide and more specific information about fees, including fee policy, can be found on the fee website.

For advice about fees for courses with a fee displayed as "Not Applicable", including some Work Experience and UNSW Canberra at ADFA courses, please contact the relevant Faculty. Fees for courses delivered through UNSW Global are published and charged by UNSW Global and thus appear as "Not Applicable" on this site.

Where a Commonwealth Supported Students fee is displayed, it does not guarantee such places are available.
