Global Finance
GENC2100 | 6 Units of Credit

Overview

The General Education Course in Global Finance will equip students with a broad understanding of global finance, current international financial developments and global financial risk management, so that they can apply this learning and understanding in their future careers.

In the course, students will gain a practical understanding of factors contributing to foreign exchange rate risk, Asian capital markets, global tax management, global investment strategies and global financial risk management. The course also provides analysis of multinational banks, investment banks and the funds management industry. Students will learn how companies can survive and expand their objectives in a global financial market that is subject to uncertainty. The course also provides analysis of multinational banks, investment banks and the funds management industry.
