Overview

The aim of the course is to develop the critical thinking and writing skills needed to study English and at university.

This course is designed to offer students a thorough grounding in some of the basics, and to prepare students both for English and Media Studies 1B: Cultures of Conflict and for further study in upper-level subjects.

Although connections between the set texts may not appear immediately obvious, a degree of intertextuality (we will explore the meaning of this term) will become apparent through the semester.
