Overview

The UNSW Bachelor of Engineering (Honours) is designed to equip you for a career as a professional engineer. We provide you with a solid background in mathematics, natural sciences and computing that will prepare you for learning knowledge and skills in an engineering discipline specialisation. You will get the chance to apply yourself to engineering design and enquiry projects, professional engineering practice, engineering and technical management and conduct research towards your thesis project.

The four year program is offered in 19 engineering disciplines (listed below). A flexible first year engineering stream is offered for students who wish to study engineering but choose to delay their choice of which branch of engineering to study until the end of Year 1.

Learning Outcomes

1. Comprehensive, theory based understanding of the underpinning natural and physical sciences and the engineering fundamentals applicable to the engineering discipline.
   Scholars

2. Conceptual understanding of the mathematics, numerical analysis, statistics, and computer and information sciences which underpin the engineering discipline.
   Scholars

3. In-depth understanding of specialist bodies of knowledge within the engineering discipline.
   Scholars

4. Discernment of knowledge development and research directions within the engineering discipline.
   Scholars

5. Knowledge of engineering design practice and contextual factors impacting the engineering discipline.
   Professionals Scholars Global Citizens

6. Understanding of the scope, principles, norms, accountabilities and bounds of sustainable engineering practice in the specific discipline.
   Global Citizens Professionals Scholars

7. Application of established engineering methods to complex engineering problem solving.
   Scholars Global Citizens Professionals

8. Fluent application of engineering techniques, tools and resources.
   Scholars Professionals

   Global Citizens Professionals Scholars

10. Application of systematic approaches to the conduct and management of engineering projects.
    Global Citizens Professionals Scholars Leaders

11. Ethical conduct and professional accountability.
    Global Citizens Professionals

12. Effective oral and written communication in professional and lay domains.
13. Creative, innovative and pro-active demeanour.

14. Professional use and management of information.

15. Orderly management of self, and professional conduct.

16. Effective team membership and team leadership.

**Graduate Capabilities:**

For more information on Graduate Capabilities, please click on this [link](#).
Program Structure

Students must complete 192 UOC as a standalone program.

1. 168 UOC stream
2. 12 UOC General Education
3. 12 UOC Electives (Foundational Disciplinary or Disciplinary Knowledge Courses)

All students are also required to complete 60 days of Industrial Training.

Majors

Students must complete at least one of the specialisations below.

**HONOURS:**

AEROAH | 168 UOC
Aerospace Engineering

BINFAH | 168 UOC
Bioinformatics Engineering

CEICAH | 168 UOC
Chemical Engineering

CEICDH | 168 UOC
Chemical Product Engineering

COMPBH | 168 UOC
Computer Engineering

CVENAH | 168 UOC
Civil Engineering

CVENBH | 168 UOC
Environmental Engineering

**Discipline Elective List**

Students must take 12 UOC from the Discipline Elective List for the engineering specialisation. Students should check the details in the specialisation page.

**General Education**

Students must take at least 12 UOC of the following courses.

any General Education course

**Level 3 Maturity Requirements**

Students must have completed 42 UOC before taking any of the following courses.

any level 3 course

**Level 4 Maturity Requirements**

Students must have completed 102 UOC before taking any of the following courses.

any level 4 course

**Industrial Experience Requirement**

Students must complete a minimum of 60 days of Industrial Training to graduate. Industrial Training must be undertaken concurrently with enrolment in the program.

For more information on Industrial Training, please visit https://www.engineering.unsw.edu.au/study-with-us/engineering-students-industrial-training

Engineering (Honours)

**Enrolment Disclaimer**
Unless advised otherwise by your program authority, you should follow the rules for the handbook for the year you commenced your program. You are also responsible for ensuring you enrol in courses according to your program requirements. myUNSW enrolment checks that you have met enrolment requirements such as pre-requisites for individual courses but not that a course will count towards your program requirements.

Program Requirements

Progression Requirements

Students must show cause not to be excluded from the program if they have any of the following:

2 fails in any given core course

after half or more of the BE stream attempted (more than 84UOC), 50% or more of BE stream courses have been failed

prior to the final 48 UOC of the stream (120 UOC or more of the BE stream completed), a WAM of less than 50%.

For more information on university policy on progression requirements please visit Academic Progression.

Internships and Placements

A minimum of 60 days of work experience is required, though individual streams may have additional requirements.

Professional Outcomes

Accreditations

Professional institutes that offer accreditation on completion of this program:

- Engineers Australia

Career Opportunities

From your second year, you can specialise in a particular field of engineering. Refer to the various engineering degrees for examples of career opportunities.
Recognition of Achievement

University Medal

The University Medal is awarded to recognise outstanding academic performance by a bachelor degree student in line with the University Medal Policy and University Medal Procedure.
Program Fees

At UNSW fees are generally charged at course level and therefore dependent upon individual enrolment and other factors such as student's residency status. For generic information on fees and additional expenses of UNSW programs, click on one of the following:

- Domestic Students
- Commonwealth Supported Students
- International Students
Pre-2019 Handbook Editions
